

February 14, 2025

Dear Super Saturday Community,

It is with a heavy heart that we must announce the cancellation of this year's Super Saturday program. For 50 years - other than a brief pause following the nation's COVID shut down, this event has provided gifted students with enriching learning experiences and offered parents valuable insights into gifted education. We were excited to continue this tradition once again, but unfortunately, unforeseen challenges have made it impossible for us to move forward this year.

Despite our best efforts, we were unable to secure a suitable venue after our original site presented financial requirements beyond our means as a nonprofit organization. Additionally, the loss of a key source of volunteers further complicated our ability to run the event at the level of excellence we strive to uphold. We have explored numerous alternative locations and solutions but, regrettably, have not found a viable path forward.

We deeply appreciate the support of our instructors, speakers, volunteers, and families who have contributed to Super Saturday over the years. Your dedication has been the foundation of this program, and we are truly grateful for your involvement.

While we are saddened by this cancellation, we remain committed to our mission and will continue exploring ways to bring meaningful opportunities to our gifted community in the future. We sincerely apologize for any inconvenience this may cause and appreciate your understanding during this difficult time.

Thank you for being a part of the Super Saturday family. We hope to return with a stronger program in the coming years and will keep you updated on future opportunities.

Sincerely,

Suzy Wang

Suzy Wang
Vice President
Super Saturday/Financial Aid Coordinator
